FROZEN PRODUCTS

Our **STORY**

A dream come true! It all starts with a Latin dreamer who comes to the United States as an entrepreneur and brings an explosion of flavors from his native Colombia in the most exquisite French puff pastry. This fusion will make you live an experience of recipes like you do at home.

The best flavors of Latin America wrapped in the flakiest and tastiest croissant dough you've ever had.

We call them puffies - the perfect combination of European and Latin pastries in a tasty package.
